"They're Oompa-Loompa...Imported direct from Loompaland. "WILLIE WONKA-CHARLIE AND THE CHOCOLATE FACTORY

The Oompa-Loompa lamps are characterised by several strips of mottled glass with radial positioning as though many small "Oompa-Loompas"

are dancing. The light is diffused through the glass and empty spaces and creates several rays making a spectacular environment.

The collection consists of a suspended version, available in three sizes, and a floor lamp. The glass is available in light blue, red and smoked grey.

The metals parts are in micaceous brown or titanium.
